

CONCORDE DE LUXE RESORT SUSTAINABLE PURCHASING POLICY

Provision of the best quality service with the support of all our collaborators is the main target of our hotel. In line with this target, all products purchased are evaluated and purchased within the scope specified below;

- To support local producer always and to purchase from local suppliers as much as possible,
- To introduce local products and traditions to the guests,
- To work with companies that have fulfilled all legal provisions relating to environment and energy,
- To work with companies that have adopted environmental and energy policy and support recycling,
- To ensure that local product is always prioritized instead of the imported product,
- To prefer products that create less waste,
- Not to use products other than energy groups A-B unless being obliged to,
- Not to purchase products containing harmful gases,

Our hotel, competing in national and international markets, shows the determination necessary for continuous development of both its employees and its collaborators in order to achieve better.
